# THE COLD ROLL FORMING SOLUTION PROVIDER

冷弯成型解决方案提供商

## 简介 Company profiles

华阳压瓦机械有限公司是一家服务于机械设备及机械配件的生产公司。主营产品有冷弯成型设备、全自动C/Z型钢檩条成型机、大型组装式粮食钢板仓成型设备及配套立柱等设备、镀锌板帆布蓄水（养鱼）池、脚踏板成型机、车厢板成型机、各种型号压瓦机、剪板机、折弯机、轻钢龙骨机、琉璃瓦机、楼盖板机等产品及各种异形冷弯成型机。

产品大量销往俄罗斯、印度、英国、澳大利亚、美国、哈萨克斯坦、塔吉克斯坦、马来西亚、尼日利亚、阿尔巴尼亚等多个国家和地区，得到海内外客户的一致好评。

公司拥有多年丰富经验的设计团队人员，可根据客户需求，提供各种冷弯成型设备量身订制。华阳压瓦机械有限公司欢迎新老客户的到来！

Botou Huayang roll forming machine Co., Ltd. is located in Botou City, Hebei Province. We are specialized in cold roll forming machine. We can customized the machines according to customer's profile drawing. Our factory has excellent development and design talents. The products with high efficiency, high precision and low processing consumption occupy the advanced level in the same industry.

We have a strong technical force and production capacity. The product's technical performance and index have reached the advanced level at this field. Our main products include metal roof roll forming machine, C Z purlin roll forming machine, grain silo forming machine, gutter roll forming machine, stud roll forming machine, highway guardrail roll forming machine, light steel frame roll forming machine etc. we can design and manufacture according to the customer's requirements. At the same time, we can design, produce, install, and repair the machine as a complete line. our products can help Customers improve efficiency, reduce costs and enhance competitiveness. Our sales and design personnel will listen carefully to the requirements of customers, design and manufacture according to the requirements of customers. After sales we have a perfect service network, can provide full support to customers, ensure that customers in the use of equipment in the process of solving all problems encountered in a timely manner, and get our thoughtful service. We warmly welcome customers from at home and abroad to cooperate with us for common success.

# 商务贸易

## Business and Trade

产品大量销往俄罗斯、印度、英国、澳大利亚、美国、哈萨克斯坦、塔吉克斯坦、马来西亚、尼日利亚、阿尔巴尼亚等多个国家和地区，得到海内外客户的一致好评。

The products are sold in large quantities to Russia, India, the United Kingdom, Australia, the United States, Kazakhstan, Tajikistan, Malaysia, Nigeria, Albania and other countries and regions, Received unanimous praise from customers both domestically and internationally.

**装配式钢板仓设备**

Prefabricated steel silo equipment

- 装配式钢板仓设备用于：粮食储存、水产养殖、农业蓄水等用途。
- 设备主要由辊压成型机、液压冲孔机、卷曲机、液压剪切机等组成。
- 生产线从原材料的轧制开始，通过开卷平整和轧制小波浪型材，然后引入冲孔机冲孔，通过卷曲机加工所需弧度，定位剪切。
- 生产线连续生产、操作便捷，具有高度自动化。

Prefabricated steel silo equipment is used for grain storage, agricultural feeding, water storage and other purposes

The silo steel plate equipment is mainly composed of corrugated plate rolling mechanism, punching mechanism, arc bending mechanism, shearing mechanism, etc. The production line starts from the rolling of raw materials, processes small wavy profiles through uncoiling, leveling and rolling, and then automatically introduces the punching mechanism to punch and process all the process holes at one time, and then introduces the arc bending mechanism through the roller, and bends them into the required arc according to the production needs. After positioning and shearing, the finished products are exported from the discharge table and stacked. The production line has high degree

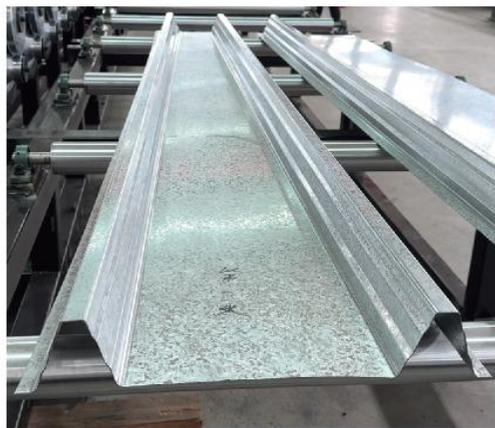

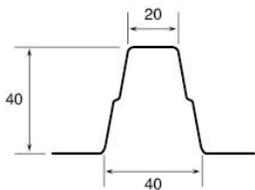

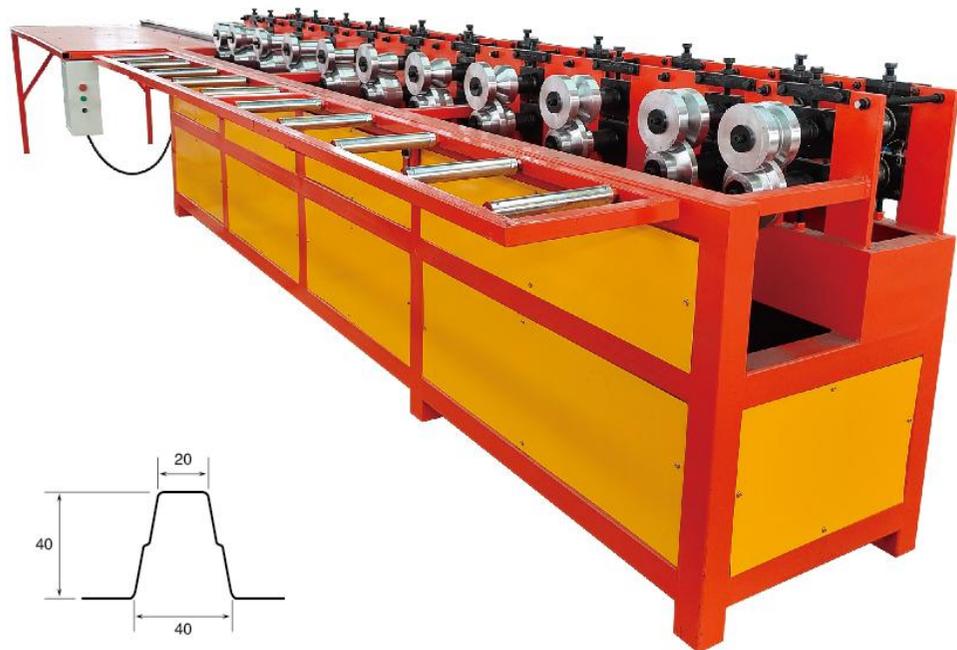

Of automation, continuous production and streamlined operation.
