PART 01

INTRODUCTION

Our Company founded in 2003 and headquartered in Shenzhen, Guangdong Province, ACCT is a manufacturer specializing in the design and production of electronic weighing scales with sensors. Currently, we have production bases located in Dongguan City, Guangdong Kun Teng, Anhui Uniweigh and Anhui Fly Dragon, covering an area of xxx square meters and employing approximately xxx people.

As a professional manufacturer, we design, develop, and manufacture a wide range of electronic scales, weighing instruments, healthcare equipment, and other electronic products for consumer, commercial, and industrial applications worldwide.

With a strong and experienced R&D and production team, ACCT is capable of meeting customer needs to the highest standards. We control the entire process, starting from new product design, sample manufacturing, production process setting, material sourcing, quality control, all the way to on-time delivery.

Sedex

We possess integrated production facilities, including sensor manufacturing, electronic board assembly (SMT/SMD), mold manufacturing, plastic injection molding, hardware stamping, painting, silk-screen printing, finished product assembly, quality control, and logistics transportation. As our business continues to expand, we consistently invest in advanced production equipment to ensure the highest level of product accuracy, consistency, and production efficiency.

ACCT is dedicated to providing quality products and services to our customers. We will continue to strive for innovation and customer satisfaction. Our commitment is to become an industry-leading manufacturer of electronic weighing scales.

Design Every Day

P / 03-06	MINI SCALE
P / 07-10	BALANCE SCALE
P / 11-12	POCKET SCALE
P / 13-19	KITCHEN SCALE
P / 20	COFFEE SCALE
P / 21	LUGGAGE SCALE
P / 22	FISHING SCALE
P / 23-24	BATHROOM SCALE
P / 25-26	GRAM SCALE
