#### ◆Employee Spirit:

Make a Little Progress Every Day

## 解决方案

### 机电类

关注每一个细节，加强运作保障能力，依靠亚东朗升强大的物流服务网络，凭借稳定、良好的网络关系，从根本上为众多著名的IT产品生产商提供完整有效的物流方案设计和实施。

### 汽车类

根据车辆数据参数合理制定装箱方案、捆扎方案，装箱现场全程监督，提供安全及技术支持。与日、韩、欧洲等世界一流的滚装船公司具有良好合作关系，安全将您的货物送达目的地。

### 光伏类

依托专业项目团队与全球服务网络，针对光伏组件、设备特性定制运输方案，覆盖海陆多式联运，以精细化项目管理保障光伏设备安全、准时交付，助力国内外光伏电站建设高效推进。

### 风电类

朗升的专业项目团队，凭借多年的操作经验以及完备的硬件设施，围绕风能工程建设需求，进行特定的方案设计、以项目管理的方式运作，保证客户国内外项目的顺利安装及交付。

提供完善的运输方案、周密的应变措施，辅以统筹协调，实地监督，确保重大工程设备能以最安全、最经济的运输方式运抵目的地，以保证客户从我们专业、卓越的服务中得益。

### 工程类

### 化工类

以现代化的管理方法，以安全、迅捷的优质服务为前提，确定车辆的安全状况，每辆运输车都有一名经过严格培训的危险品运输押运员，最大程度地降低了客户的成本而赢得了众多客户的口碑。

### 基建类

聚焦基建工程物资运输需求，提供大件设备、多样化建材的定制化物流方案，统筹协调通关、运输等环节，实地监督保障运输安全与经济性，高效支持跨国基建项目的物资供应与工程推进。

## Solutions

For electronics   engineering   automotive   chemical   Photovoltaic   Infrastructure construction   Wind power generation   ....

### Electronics Industry Solution

Pay attention to every detail, enhance capabilities of operation and security, and fundamentally provide numerous famous IT manufacturers with complete and effective logistics solution design and implementation via Loxson's powerful logistics service networks and reliable and favorable business relations.

### Engineering Industry Solution

Offer perfect transportation schemes and thorough contingency measures, supplemented with coordination and on-site supervision, so as to ensure that major engineering equipment can be transported to destinations in a safest and most economical manner, and to guarantee that customers can benefit from our professional and excellent service.

### Automotive Industry Solution

In accordance with vehicle data and parameters, formulate reasonable packing and bundling solutions, exercise on-site supervision over the entire course of packing, and offer safe and technical supports. Based on our favorable cooperative relations with world-class ro/ro shipment companies in Japan, Korea and Europe, we will deliver your cargo safely to any destination you addressed.

### Chemical Industry Solution

With the premise of modern management methods and quality service in a safe and fast manner, we can timely get aware of the security situation of our vehicles. Each transport vehicle is assigned with a well-trained dangerous goods supercargo. And we have won the reputation from numerous customers for minimizing logistics costs.

### Photovoltaic Solution

Relying on professional project teams and a global service network, we customize transportation solutions for photovoltaic modules and equipment based on their characteristics, covering sea and land multimodal transport. With meticulous project management, we ensure the safe and timely delivery of photovoltaic equipment, facilitating the efficient advancement of domestic and international photovoltaic power station construction.

### Infrastructure construction Solution

Focusing on the transportation demands of infrastructure projects, we offer customized logistics solutions for large equipment and a wide range of building materials. We coordinate and manage all aspects including customs clearance and transportation, conduct on-site supervision to ensure the safety and cost-effectiveness of transportation, and provide efficient support for the supply of materials and the progress of cross-border infrastructure projects.

### Wind Power Generation Industry Solution

Loxson's professional project team, with years of operation experience and complete hardware facilities, focuses on the needs of wind power generation engineering construction, carries out specific project design and operates in the way of project management to ensure the smooth installation and delivery of projects at home and abroad for customers.

## 团队建设

### 专业化的团队

- ◆近600位物流精英，人均从业经验超过5年，获取行业专业证书员工占全员比例在地区同行中屈指可数。
- ◆70%成员拥有国家级行业资格证，60%具本科学历，多人获硕士学位。
- ◆专业的全球客户服务人员将确保对您所委托的货物全程跟踪。

### 个性化的团队

- ◆踏实勤勉、忠诚敬业的客户服务团队，提供个性化的服务支持。
- ◆365 \* 24 \* 7的顾问式供应链咨询服务平台，随时解答您的行业困惑。
- ◆海空运职能明晰高速运转的自有作业平台，想您所需、做您所求。
- ◆进驻海关办公现场的亚东朗升报关报检平台，随时掌控现场作业动向。
- ◆覆盖全国的服务站点，立足江苏，服务中国，辐射全世界。
- ◆个性化的物流沙龙在业内独具特色。

### 凝聚力强的团队

- ◆亚东朗升内刊《朗声》在同行中开创先河。
- ◆在物流行业人才流动频繁的现状下，亚东朗升团队的稳定性在业内有口皆碑。
- ◆团队成员以身为亚东朗升人为荣。新老员工亲如一家，众志成城，共铸辉煌。

## Team Development

### A Professional Team:

◆ In our professional team, there are nearly 600 logistics elites, who have been with this industry for more than 5 years in average. The percentage of employees with professional qualifications in our company is the highest among that of regional peers.

◆ Of our employees, 70% are with national-level industry qualifications, 60% are with bachelor degrees, and several are with master degrees.

◆ Our professional customer service staff around the world will make sure that your cargos are fully traceable throughout the process.

### An Individualized Team:

◆ Our customer service team is dedicated and diligent in providing individualized service and support.

◆ A consultative platform for 365 \* 24 \* 7 supply chain consultation service answers your questions at all times.

◆ A self-owned operation platform, with distinctive sea-freight and air-freight functions, addresses what you need and what you require.

◆ Loxson's customs and CIQ declaration platform, installed inside the customs office building, helps gather real-time information on site operations and trends.

◆ Our service sites, based in Jiangsu and available throughout China, are reaching out to the whole world.

◆ Loxson has its individualized logistics salon, which is unique in the industry.

### A Strongly United Team:

◆ Loxson's internal magazine boasts the first ever among industrial peers.

◆ Even in a situation that there is a high employee turnover rate in the logistics industry, the stableness of Loxson's staff team is widely recognized in the industry.

◆ Every team member is proud to be an integral part of Loxson. All employees, newcomers and veterans alike, are family to one another. Unity is strength, and as a team, we will certainly develop a glorious future!

## IT平台

数研中心现有人员10人，其中技术和研发人员占比90%以上。目前主要的两大职能，一是负责亚东朗升旗下各分子公司的网络及硬件维护；二是独立开发与行业相关的软件产品，并对公司目前应用的系统软件进行维护和更新。

数字运营组负责亚东朗升27个分子公司，二十多台服务器，六百多台电脑设备的维护和保养。

部门研发团队是一批拥有着热情与活力的年青人，谙熟网络信息系统软硬件，熟悉电子商务，熟知软件设计规则，精通各类先进开发工具和大型数据库。目前已经开发的软件产品包括：亚东朗升仓库管理系统、亚东朗升服务维修管理系统、亚东朗升资金管理系统、亚东朗升快递管理系统、亚东朗升L3国际物流管理系统、亚东朗升WMS系统管理软件和基于OFDM的宽带数字化信号、供电复合线缆传输系统等。同时还有多个项目正在开发过程中。

## IT Platform

Data research center has a staff of 10, of which more than 90% are technical and R&D personnel. Currently, the team is in charge of two main functions: taking responsibility for maintaining networks and hardware of all subsidiaries under Loxson; and independently developing software products related to the industry, and maintaining and updating the system software currently applied by the company.

The digital office team, is in charge of the maintenance of over 600 computing devices and over 20 servers of Loxson's 27 subsidiaries and offices.

The R&D team, a group of young people full of enthusiasm and vitality, is familiar with IT network system software and hardware, e-commerce and software design rules, and proficient in all kinds of advanced development tools and large-scale databases. So far they have developed a series of software products, including: OFDM-based broadband digitized signal and power supply composite cable transmission system, and so on. Moreover, there are several projects in developing.

## 社会责任

企业的社会责任是企业软实力的重要组成部分，也是亚东朗升“传递价值 传递梦想”的具体体现。亚东朗升自始至终都将自我发展与自身的责任与义务放在同等重要的位置。

亚东朗升努力成为一个合格的企业公民，乐于承担起对社会各方面的责任和义务，带动员工积极参与希望工程、多次地震等捐款活动，提供抗疫救灾物资公益运输。

在亚东朗升内部还专门成立了公益基金——“i基金”，另外设立亚东朗升物流慈善基金，定向支持爱心物资运输。

## Social Responsibility

Loxson takes the social responsibility as an essential part of its soft strength and also an embodiment of its ideology "Deliver Value, Deliver Dream". We consistently attach great importance to both our development and our responsibilities and duties.

Loxson is trying to become a qualified corporate citizen, willing to assume social responsibilities and duties and encourage staff to participate actively in donation activities such as The Hope Project and several earthquakes and provided public-benefit transportation of anti-epidemic relief materials.

Particularly, Loxson has established an internal public welfare foundation, i.e. "i Foundation". In addition, we establish Loxson Logistics Charity Fund to support the transport of love materials.

i Foundation
